

Mounted DISC PLOUGH

Enhances Pulverization

Less Maintenance

Better Fuel Efficiency

*Accessories (if any) shown are not a part of standard equipment.

MOUNTED DISC PLOUGH is designed to work in all types of soil for basic functions such as soil breaking, soil raising, soil turning and soil mixing.

Features

- Heavy-duty tubular frame withstands tough plowing operations.
- 20-30% fuel saving as compared to Mould Board Plough.
- Excellent performance in rooty and sticky or abrasive soil.
- Adjustable and replaceable scrappers prevent grass and soil from sticking & help in effective overturning of soil.
- Mainly used for soil cultivation in new fields or after crop harvest.
- Heavy-duty rear furrow wheel with high-strength shocker.

Hexagonal Drawbar

Adjustable Disc Scrapper
